

Clare's Candles

Clare is a Military Wife from RAF Benson. She started making candles to sell to friends & family in an attempt to pay a very large vets bill from one of her rescued & rehomed animals following an accident. The business gained support and quickly grew, as did her range of products!

Clare is also trained as an Aromatherapist, and after witnessing the mental health issues within the community, she developed a popular pocket Aromatherapy tin range called Little Helpers.

Discover Clare's beautiful Aromatherapy products and candles, including her hand-rolled pure beeswax candles at Savages!
