

# Marcopolo Bakery

Marcopolo are a small craft bakery based in Grove, Oxfordshire, and provide a wide range of fresh bread, including English classics, sourdough, sweets, savouries and wheat free options.

Peter, owner and passionate baker, grew up in a bakery, and so along with his dedicated team of 6, all their products are made with great enthusiasm and knowledge, using the highest quality ingredients, from local suppliers including wheat flour from Wessex Mill.

The team maintain the same simple methods that have been used for hundreds of years: slow fermentation, using their own sourdough starter and a small percentage of yeast and salt, along with a few other 'secret' ingredients. So by the time they arrive to us, you are presented with fresh bread, made by committed local bakers.
