

Loose Cannon Brewing

New to Savages.... February 2021

We are proud to support another local business based in Abingdon, stocking a selection of their fine beers including their first and most popular brew ... Abingdon Bridge.

Malty backbone with crisp, fresh British and American hops resulting in a beautifully balanced beer.

We also stock a selection of their other Craft Beers, including Gunners Gold, Bombshell and Robust British Porter.

Why not visit us and give them a try!
